We are Rockford Collection, home of the American Made, Men's Wedding Band. Where there was once an absence in the marketplace, our team of talented and innovative jewelry designers have redefined the standards for Men's Wedding Bands.

RF men's rings and wedding bands are proudly designed and developed in our production studio. Each wedding ring is crafted by RF jewelry artisans out of 100% natural diamonds, gold and platinum, with very fine attention to the details.

The Rockford Collections ring designs are inspired by American Gold Mines. The debut collection: AMERICAN LEGEND features unique stories from the rich past of America. Each Men's Wedding Band is gifted the name of the Gold Mine it's crafted from. Carrying on a powerful history into a prosperous marriage.
